## **PREFACE**

Nursing is a rewarding career that offers a bright and satisfying future for young persons who have a desire to serve people with a caring attitude. As members of a modern health care team, nurses render a significant service in the care of the sick and in the prevention of illness and injury. Increasing numbers of trained nurses are needed to fill the responsible positions as experts in bedside nursing services, and as researchers seeking new and better ways of meeting the nursing needs of patients. Salary and conditions of service of nurses are attractive compared to those in other fields of employment with similar educational requirements. Nursing offers a challenge and opportunity to serve a fellow being. If you have the zeal and desire for nursing, you are invited to choose this noble profession.

In order to facilitate the admission at door step in remote areas and to bring clarity in the selection process, Govt. of Odisha has introduced submission of online application, selection & admission into ANM/ HW (F) Course which is praiseworthy.
